Retirement Plan Enhancement

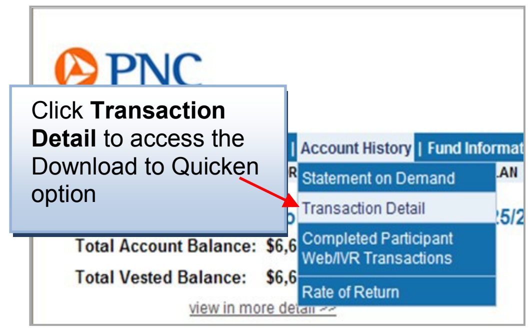
Quicken – Now Available through the Retirement Directions Website

Good News!

PNC Bank, Vested Interest® is pleased to announce that you now have access to be able to download transactions into Quicken® 2013 through the Retirement Directions Website. This enhanced feature allows you to securely download and track your account balances and transaction history directly to Quicken from your retirement plan account.

Download Balance History and Transactions to Quicken

Start by logging into your account at www.retirementdirections.com. On the Home page click on "Transaction Detail" from the Account History tab. From here you will be prompted to download your transaction history to Quicken in three easy steps:



- ✓ Step 1 - Download a balance spreadsheet
- ✓ Step 2 - Create a balance file to download balances into Quicken
- ✓ Step 3 - Create a transaction file to download into Quicken

It's that simple. Return to the "Transaction Detail" from the Account History tab anytime you would like to download transactions and balances from your retirement account to Quicken.

For a complete set of step-by-step directions on how to set up Quicken for your retirement account, a Quicken User Guide is available in the Bulletin section of the Education Center.
